London, March 30.—Prohibition drastic as that prevailing in Russia today faces the United Kingdom. Lloyd George, the chancellor of exchequer, in a letter to the Owners Federation, said:

We are fighting Germany, Austria drink, and so far as I can see, greatest of these three deadly is drink."

Great Britain is smouldering in after the torpedoing by a German submarine of the Falaba and transports convoyed to Smyrna on trans-Turkish yesterday, but shipping has ports, by assembling large bodies of Turkish troops at this point.

Present there is little activity. A concentration of Italian troops

and other sections of the along the Austrian frontier, is said

in Geneva to have begun.

doned.

London, March 30.—An official an-

nouncement from Constantinople says that a Turkish aeroplane dropped bombs on a British warship

cruising outside the Dardanelles. No

information is given whether serious

damage was inflicted.

Field Marshal von der Goltz, Ger-

man military commander of Constan-

tinople, has said the Dardanelles

forts will be able to resist any as-

sault which may be directed against

them from the sea. The Turkish

government has taken measures to

prevent the landing of the allied

troops convoyed to Smyrna on trans-

Turkish yesterday, but shipping has

been curtailed to any extent.

For bread the beggar goes from gate to gate;
For bread the sailor loses hearth and home;
A thousand miles away bread seekers roam.
For bread wild birds fall in nets and gins;
For bread do men commit a thousand sins;
For bread men study all that men may know;
The house that wanteth bread is filled with woe.

WILL SOON BEGIN WORK ON EXTENSION

Within a short time the Washington Gas & Electric Company will have a force of men engaged in the work of building the transmission line from Jeffersonville to South Solon in order that the streets of South Solon may be electrically lighted and the little town given the benefit of electricity for lighting places of business, residences, and for operating motors wherever wanted.

So far the right-of-way has not been obtained from Jeffersonville to South Solon, but the councilmen of South Solon expect to have the entire right-of-way within a few days, so that work may be started setting poles and stringing wire within the next week or two.

By late April, or early May South Solon will be using "juice" from the local power plant, which is some 16 miles from the point where the "juice" will be consumed.

It is understood that part of the material has been ordered and is ready for distribution as soon as the right-of-way is obtained.

PRIZE WINNER IN POPULARITY CONTEST

Anna Lee Taylor, the pretty little daughter of Mr. and Mrs. Grover Taylor, won the bloodied Fox Terrier, "Cupid" given by Murdock Bros. Indoor Circus, showing at the Empire Theater last week, to the child receiving the highest number of votes.

The little girl only entered two days before the contest closed and received 64,000 votes.

Hartman Theater

Closing Week at Hartman Theater, Columbus, To Be Brilliant One.

On Wednesday and Thursday, April 7-8th, Miss May Robson in her newest comedy "Martha-By-The-Day" will be the attraction at the Hartman Theater, Columbus. Martha Slawson, the role that has been created by Miss Robson, is that of a maid-of-all-work, who is brimful of a mingled sentiment and humor that makes a fine type of feminine humanity. She is shrewd, kindly and practical minded and, although assigned to a humble position in the world's work her authoritative philosophy and big store of optimism have an important bearing upon the fortunes of one of Gotham's most exclusive families. The role is one eminently fitted for interpretation by Miss Robson, who possesses not only brilliant comic gifts, but also has a rare power of emotional appeal. Miss Robson is surrounded by a clever cast and advance notices assure us there is not a dull moment in the evening's performance.

Friday and Saturday, April 9-10th marks the closing of the regular theatrical season at the Hartman Theater, and nothing better could have been chosen to leave a splendid impression in the minds of the patrons of this theater than the tri-star combination, William Gillette, Blanche Bates and Marie Doro in Victorien Sardou's "Diplomacy." Although advertised as a three-star production, it is really an all-star cast for even the smallest part is played by an artist of considerable reputation. William Gillette is best remembered for his brilliant rendition of the leading role in "Secret Service;" Blanche Bates has been seen here in a number of plays, notably "The Girl of the Golden West" and most recently "Nobody's Widow;" Marie Doro will not soon be forgotten in the role of "Oliver" in the all-star production of "Oliver Twist" which was one of the biggest things ever done in Columbus.

There will be a matinee Saturday

and no one who likes the theater can afford to miss this attraction; it is seldom the opportunity is afforded to see anything so good.

"STAR—The Pocket-Pal of All Good Fellows"

Men Who Chew Are Men Who DO

NO men more fully enjoy the jolly companionship of good chewing tobacco than the foresters who conserve America's standing timber.

These big, brave, brawny men, as ready to fight a forest fire to a stand-still as they are to take a twenty mile "hike" in the dead of night, are STAR pluggers as well as STAR chewers.

They find STAR mighty pleasant company when they're alone—and when they meet a traveler they're glad to pass their plug to him. They know that STAR is good for one and better for two.

Each STAR plug is thick with a thickness of long lasting, mellow chewing leaf that just suits to a "T" the taste of Americans. Each STAR plug weighs a full 16 ounce pound, every time. Each plug is made clean and kept so; a STAR plug won't dry out like a thin plug—and the taste lasts. It will just take you but a few seconds to cut off a chew of STAR and get it into your mouth—to understand why STAR is the leading brand of the world.

Clean Up Time Approaches

The time is nearly here when the clean up campaign in each and every household worth while will be on in earnest. Indeed the preliminary "survey" for the annual spring clean up has already begun.

Many garden patches and barn lots have been "surveyed" to the extent of gathering up the brush and litter into piles and applying the match with the result that what, only a few weeks ago was an unsightly mass, spread out over a wide territory, has become just a small heap of clean white ashes really good to turn under the ground as a fertilizer.

The "survey" work in the yards and on the lawns has only, so far, been arranged for but a few warm, dry days will bring out the male members of the household and the work of raking off the accumulation of dead grass and leaves, so that the new and tender grass can get all the wealth of bright spring sunshine and moisture that nature will send within the next few weeks for its sustenance.

Inside work is beginning in earnest and scores of good wives are already into that work of cleaning house which is so distasteful to the men folks.

Each year the clean-up work inside and outside is growing in extent. People now days take more pride in their premises than they once took. A few good house keepers and a few men who insist on keeping the yard and walks clean will soon get a whole community in the same way of thinking.

One real tidy, nice place in a block is an insurance that in a year or two the whole block will present an attractive appearance and one or two neat, attractive blocks will soon have practically the whole community dressing itself up.

Washington is fast becoming noted for the number of neat residence sections and the city itself is now going ahead with clean-up and new improvement work in a manner which is decidedly encouraging to those who are possessed of a considerable amount of civic pride.

Clean-up time is good—good for the separate premises, good for residential and business sections and good for the whole communities.

National Banks Need Greater Power In the Matter of Commercial Paper

By H. E. ELDRIDGE, Vice President National City Bank, New York

THE federal reserve act withheld from the business public the privilege of acceptance by member banks of bills drawn against domestic commercial transactions. In some quarters IT HAS BEEN FELT THAT UNJUST DISCRIMINATION HAS BEEN MADE AGAINST THE DOMESTIC TRADE OF THE COUNTRY.

It is clear that were the banks of the country generally permitted to accept bills in consummation of domestic commercial transactions the basis of credit on which goods are generally sold would be improved and a much superior type of paper offered on the discount markets of the various centers.

There are many arguments in favor of the domestic acceptance. Primarily the possibility of undue expansion on the part of the drawers of bills would be eliminated. The market would be supplied with a plentiful number of bills of the highest order, which would attract as purchasers not only the banks and investors of our own country, but in times of peace foreign banks and investors as well.

COMPETITION WOULD PERMIT HIGH GRADE BILLS TO SELL AT FIGURES THAT WOULD PROVE A REVELATION TO THE PUBLIC.

Poetry For Today

WAITING FOR SPRING.

'Tis the dawn of the springtime, yet never a bird in the wind-shaken elm or the maple is heard; For green meadow grasses wide levels of snow, And blowing of drifts where the crocus should blow; Where wild-flower and violet, amber and white, On south-sloping brook sides should smile in the light, O'er the cold winter beds of their late-waking roots. The frosty flake eddies, the ice crystal shoots; And, longing for light, under wind-driven heaps, Round the boles of the pine-wood the ground-laurel creeps. Unkissed of the sunshine, unbaptized of showers, With buds scarcely swelled, which should burst into flowers! We wait for thy coming, sweet wind of the south! For the touch of thy light wings, the kiss of thy mouth; For the yearly evangels thou bearest from God, Resurrection and life to the graves of the sod!

—Whittier.

HUNDREDS OF FARMERS ATTEND MASS MEETING

DEEP INTEREST MANIFESTED IN DISCUSSION OF HOG CHOLERA ERADICATION WORK AT MEMORIAL HALL THIS AFTERNOON — HON. A. P. SANDLES MAKES OPENING ADDRESS AND ANNOUNCES THAT MEN PRESENT PROBABLY HOLD FATE OF WORK HERE AND ELSEWHERE IN THEIR HANDS.

Never before has Memorial Hall auditorium been closer packed with humanity than Tuesday afternoon when hundreds of farmers from all parts of the county flocked to the auditorium to hear and take part in the discussion of Hog Cholera Eradication Work, with a view to having a voice in whether it should be re-established in Fayette county, or abolished for all time.

Hon. A. P. Sandles, Dr. Paul Fischer and Dr. H. A. Salt, were present, and Mr. Sandles was the first speaker introduced by Mr. Floyd Elchelberger, of Jefferson township, who presided over the meeting, and made a short speech in which he stated the object of the meeting.

Mr. Sandles opened his address with the statement that in all probability such a meeting should have been held two or three months ago, in order to discuss questions upon which there was a difference of opinion.

He stated that the question involved was bigger than that pertaining to Fayette county, as the fate of the eradication work in Ohio and the corn belt probably rested in the outcome of the meeting. He said that here in Fayette county the cornerstone for the half-million dollar federal appropriation, had been laid, and impetus given cholera eradication work throughout America. Attention was called to federal aid in fighting the boll weevil and cattle tick, and the fact that the loss from cholera is twice as great as the loss from both other plagues.

Other of the chief statements made by Mr. Sandles are: The Ohio Legislature has ceased taking interest in the work, as no appropriations have been made; complaints had been made against the way in which the work was managed; farmers with

complaints should have come before the agricultural commission; to get rid of the disease there must be some restrictions; stringent methods were necessary to rid the country of foot and mouth disease; Ohio behaved better than any of the other 23 states where foot and mouth disease existed; State could not immunize every hog in the county and this county received one-fourth of all serum manufactured in the state plant last year; wanted everyone to be frank in their discussions; annual loss to Ohio farmers through hog cholera has been \$2,000,000 for five consecutive years.

He further stated that the cost in this county had been \$38,000. A summary of how this was expended was distributed in pamphlet form.

Mr. Sandles then said that some of the Ohio representatives had spoken against the eradication work, and because of representations made no appropriations had been set aside for the work; that if he had not thought the question a big one he would not have taken the trouble to be present. He praised Dr. Fischer for his time to act, if results were to be properly accomplished.

MONSTER DEAL STILL PENDING

Negotiations for the purchase of the entire holdings of the Washington Gas & Electric Company are still pending, regardless of the persistent rumor that the deal has been closed.

It is understood that three corporations or firms of capitalists are negotiating for the purchase of the plant, but so far the negotiations are still open, although there is likelihood that one or other of the three concerns may succeed in closing negotiations and become owners of the local plant with all of its equipment and lines to adjoining towns.

The plant is said to have a valuation of approximately \$300,000, and if the deal is closed, it is understood that all local holdings will be transferred to the purchasers.

One of the companies which is after the plant is the concern recently purchasing the Circleville plant and which last fall purchased the Chillicothe Gas & Electric Company's plant, besides owning several other plants, including the one at Athens, Newark, Lancaster and other points.

It is not improbable that the plant may be sold within the next few days although it is stated that various companies have been after the local plant for many years.

In Social Circles

An extremely pretty party of charming Easter appointments, was given by Mrs. N. S. Barnett, in compliment to her mother, Mrs. Ellen Cissna, Monday afternoon.

The twenty-two guests were chiefly the older friends of Mrs. Cissna and the afternoon was one of distinctive pleasure, chat over needle work stimulated by the fact that it was seldom these women had the opportunity of being all together at one time and renewing common interests.

A green and white color scheme was artistically employed in spring decorations of daffodils and greenery and also in the delicious collation served.

Mrs. Barnett was assisted in the hospitalities by her sister, Mrs. E. F. Kinnear, of Columbus, and Mrs. Earl Barnett and cunning little son Edgar Earl.

The additional guests were Mesdames Ruth Brownell, K. C. Maynard, Allen Hegler, Ellen Jones, Eli Craig, Lucy Pruden, George Gosard, Mary Cleveland, Margaret Davenport, Wm. McClain, L. P. Saxton, Aurelia Westerfield, A. E. McCoy, S. W. Cissna, George C. Jenkins, Ed. Pine, F. E. Ross, W. P. Barnes, J. C. Dunn, Lulu Cissna, Miss Barbara Hays.

Mrs. Cissna was showered with beautiful flowers by her friends and the home resembled a spring garden.

Mrs. R. C. Peddicord gave charming entertainment to the Monday Bridge Club.

AN ANNUAL EVENT OF MARKED INTEREST

The annual inspection of Royal Chapter No. 29, O. E. S., held at the Temple Monday night, records itself in the order's annals as an event of pronounced interest and was successfully conducted by Miss Mae Duffee, Worthy Matron and Mr. Elmer Klevier, Worthy Patron.

There were nearly a hundred present and the honor guests were Mrs. Cora Griswold, Grand Worthy Matron of Ohio, who acted as inspecting officer, and Mrs. Madonna Gooley, Deputy Grand Matron.

The ritualistic work of the chapter received the praise of the Grand Worthy Matron, who spoke warmly concerning the order and its accomplishments.

Following the inspection refreshments were served and a delightful social hour enjoyed.

When We Talk**WHITTALL RUGS**

WE WANT YOU to know what we are talking about—We always feel we can talk pretty big when we get on this subject because we know, no matter how much we say, we cannot exaggerate their good qualities.

- 1.—The Whittall line of Rugs and Carpets is the finest made in America.
- 2.—Every Rug and yard of Carpet is made on honor, and every Rug and yard of Carpet bears the trade mark "Whittall's" woven into its back—the trade-mark is the proud guarantee of the manufacturer.
- 3.—The materials and workmanship that go with these rugs are unequalled.
- 4.—The dyes are tested in thirty days' direct sunlight, and no dye that will not bear this test successfully is used in the manufacture of Whittall goods.
- 5.—Their reputation for beauty and splendid wearing qualities is world wide.
- 6.—The line is large and contains just the Rug you want in just the size and quality you want it, and at the price you can afford.

DRY SIDE WINS IN A TEST VOTE

Columbus, March 30.—In a test vote in the senate the drys came out victorious by only one vote. The test came on a proposition to recommit to the committee on manufactures and commerce the Vollenweider bill, which provides that the place of delivery of liquor in dry territory shall be the place of sale, and also requires packages containing liquor to be labeled as such. The bill had been reported last Friday by the temperance committee with recommendation for passage. The report was signed by four of the seven members of the committee. Dry members opposed the motion to recommit, which was made by Senator Collins of Cincinnati. Only twenty-three senators participated in the voting, leaving ten who did not go on record as being aligned with either. Those voting against the motion to recommit were: Archer, Cass, Garver, Howard, McDermott, Mallow, Stone, Tremper, Vollenweider, Vorhes, Wickline and Winans. Those supporting the motion were: Bauer, Beckett, Carson, Collins, Holden, Hopple, Mooney, Myers, Sutter, White and Wise.

Two new liquor license decentralizing bills appeared in the house, one by Representative John A. Kohl of Cuyahoga, salesman for a liquor house; the other by Representative T. E. Andrews of Marion, a farmer.

The Kohl bill places the duty of granting saloon licenses on the common pleas judge in each county. In counties having several judges they are to select one of their number, to be known as the county liquor licensing judge. The Andrews bill empowers the governor to appoint a state license officer for two years at \$3,600, provides that at the primaries this August the voters are to nominate on nonpartisan ticket in each county a deputy state license officer, who is to be appointed for two years by the state license officer, unless it is proven that the nominee has been convicted of a misdemeanor or is connected with the liquor business, in which case the state license officer may appoint someone else.

Both the Kohl and Andrews bill simply decentralize without giving either wets or drys any advantage not enjoyed under the present law. Both make the county the unit, and in this respect differ from the McDermott bill.

Willis Vetoes Bill.

Governor Willis went on record against the enactment of laws which repeal or amend other laws by implication, by vetoing the Collins bill, which sought to limit the time of validity of proxies in election of corporation officials to eleven months. An amendment, which had been inserted in the house, amended by implication a section of the banking law, which would have permitted cumulative voting by stockholders of banking corporations. In his veto message the governor points out that to amend or repeal by implication is contrary to article 2, section 16 of the constitution, which provides that "no law shall be revived or amended unless the new act contains the entire act revived or the section or sections amended, and the section or sections so amended shall be repealed."

Authority for the board of control of the state agricultural experiment station to begin a system of state forests by expending \$10,000 for forested land at \$10 an acre, is given in the Bohm bill. In another bill Representative Bohm of Cleveland empowers municipalities to buy land for forestation within or outside the corporate limits.

Market the Milk
RAISE YOUR CALVES
Raise your calves for beef, and get the bigger money in which you are entitled. But do not feed the calf whole milk, with butter fat worth \$600 a ton.

You can sell all the mother cow's milk or butter and make your calf pay 200% profit on its feeding.

ANGELES NEXT HEAD OF MEXICO

El Paso, Tex., March 30.—General

Felipe Angeles is to be named provi-

ctional president of Mexico by the

convention representing the Villa-Zapata

factions, which will meet in Mexico

City in the course of ten days. With

the naming of Angeles a supreme effort

to secure recognition from the

United States will be made. This is

the information brought direct from

Mexico City by persons who are close to

the convention government.

According to the plan now being carried out, Roque Gonzales Garza, who was the last provisional president appointed by the convention and who has retained his position to date, will be retired, Villa at the same time renouncing his claims to the dictatorship of that portion of the country under his control.

Angeles is looked upon as the best man in the convention faction for the provisional presidency, as he has the support of both Villa and Zapata, and he is believed to have the best chance of any leader for securing recognition. He is a former Diaz general. It is conceded that the trend of events in the north, at Matamoras and Tam-pico, may delay the proposed action, but the arrivals from the south are positive in the statement that this is the program now being worked out.

American passengers from Mexico City reported that General Zapata was not in the capital when they left and that he had not been there. His brother had been in command of the troops when they first entered, they said, but soon left, General Salazar remaining in command of the capital. Both the Zapata brothers were north of Mexico City, these Americans declared, which, if true, means that the reoccupation of the national capital by Obregon will not isolate Villa from Zapata, as happened before. However, it would leave Zapata in territory with which he is wholly unfamiliar, as all his operations heretofore have been in southern states.

RENTED

TO BORDER

Washington, March 30.—The cer-

tainty of a fierce artillery engagement

between the opposing forces at Mata-

moras, Mexico, just across the border

line from Brownsville, Tex., prompted

the war department to make arrange-

ments to rush additional American

troops to Brownsville to protect life

and property there in the event of an

emergency arising as a result of the

battle on Mexican soil. Orders were

issued for one regiment of infantry,

stationed at Texas City, and three

batteries of artillery, at San Antonio,

to hold themselves in readiness, if

called upon by General Funston, who

is in command of the United States

forces on the border, to proceed at

once to Brownsville. Fear is ex-

pressed that in the battle at Mata-

moras, in which artillery is expected

to play an important part, shots may

be fired across the border, menacing

both life and property in Brownsville.

OHIO BRIEFS

Pleads Guilty to Homicide.

Columbus, March 30.—When George Meier, twenty-seven, butcher, pleaded guilty to the general charge of homicide, Judge Rogers fixed the crime at second degree murder and sentenced him to life imprisonment in the penitentiary. Meier cracked to death and badly mutilated the body of his paramour, Mrs. Josephine Garner, twenty-four, on the night of Oct. 27, at her home here.

Loses Roll on Streetcar.

Columbus, March 30.—Within five minutes after he arrived in the city from his home in South Point, Lawrence county, Amaziah Winters, seventy-four, was robbed of his purse, containing \$785. Mr. Winters came to this city to spend the summer with his son-in-law, Oscar E. Thompson, a real estate dealer. A pickpocket got his purse on a streetcar.

Magnetic Springs Votes Dry.

Marysville, O., March 30.—At a special election under the Beal law, Magnetic Springs, near here, decided by a vote of 40 to 13 to stay in the dry column. At the November election 32 votes were cast for prohibition and 20 for home rule. Magnetic Springs has been dry for seven years under the Rose law.

Electric Car Hits Automobile.

Springfield, O., March 30.—Samuel Smith is dead and Christian Miller, Russell Allen and Nathan Jackson, all of St. Paris, are in a critical condition from injuries received when a limited car on the Ohio Electric railway struck the machine in which the four men were riding, at a crossing here.

Killed Blowing Stumps.

Piqua, O., March 30.—Cornelius Stover, sixty-five, a retired farmer residing near Covington, was instantly killed while superintending the dynamiting of stumps on Isaac Hickman's farm. Stover failed to notice that a fuse was ignited and stooped over a stump just as the charge exploded.

Sheet Iron Mills Resume.

Youngstown, O., March 30.—Sheet iron mills of the Mahoning valley resumed operations under the new wage scale accepted Saturday by a referendum of the Amalgamated Association of Iron, Sheet and Tin Plate Workers.

About 2,000 men are now at work in this section under the new scale.

Denies Killing Infant.

Bellefontaine, O., March 30.—Mrs. Adelaide Bentz of Lakeview entered a plea of not guilty to an indictment charging first degree murder. The indictment charges that she poisoned a two-months-old baby. The trial will be held in April.

Democrat Elected Clerk.

Columbus, March 30.—Dissension in the ranks of Republican members of council gave Democratic councilmen opportunity to elect Albert E. Reinhard, former councilman, as city clerk to succeed the late John T. Barr.

Ravenna to Stay Dry.

Ravenna, O., March 30.—By a majority of 72 in a total vote of 1,832 Ravenna voted against the return of saloons under the Beal law. The town has been dry since 1908.

ROOTS OUT CORNS BY PENETRATION

GERMAN SEA RAIDER WILL BE INTERRED

Washington, March 30.—While every precaution is being taken to guard against possible violations of American neutrality in the event of a dash for sea through the Virginia capes by the German commerce raider Prince Eitel Friedrich, naval officers here are almost a unit in the belief that the Eltel will cruise no more until the war is over. They think Commander Thierichens is enjoying the trouble to which he has put the British and French cruisers patrolling the Virginia coast, nad is merely awaiting the expiration of the time limit given him for repairs before permitting the collector of customs at Newport News to intern his ship for the war.

Sir Cecil Spring-Rice, the British ambassador, called at the navy department and had a talk with Rear Admiral Fiske, aid for operations. It is understood that he gave assurances that the warships of the allies waiting for the Eltel would not come within the three mile limit or do anything else in violation of neutrality. It was learned that the British government had made representations to the state department in regard to the Eltel, taking the ground that in allowing the ship to dock, clean and be painted, the port authorities at Newport News had not observed The Hague treaty stipulations against increasing the naval strength of the ship under such circumstances. Department officials, however, do not accept this view.

THE ILL-STARR'D F-4.

It develops that Judge H. L. Smith of Xenia, father of Charles E. Smith, commander of the United States Submarine flotilla off Honolulu, was born and grew to manhood in Fayette county, and that in all probability his distinguished son was born in this county.

Judge Smith was a son of Dr. Smith, deceased, formerly of Bloomingburg, and he married a Miss Jones, of Bloomingburg, later moving to Xenia, in Greene county, where he has since made his home.

Commander Smith's association with the fleet is brought vividly to mind by the tragedy of the F-4, which was sunk off Honolulu harbor last week, and which still rests upon the bottom of the sea some 300 feet below the surface.

Commander Smith has been in charge of the first submarine division of the Pacific fleet for two years and is stationed on the United States

THIS FISH STORY IS EXTRAORDINARY

A number of persons residing in the neighborhood of Fruitdale, in Ross county, vouch for the truth of the following fish story, which is of genuine human interest:

A Mrs. Worthington who for more than one year, had been suffering from what had been pronounced stomach trouble, was seized with a fit of strangling, during which she coughed up a fish several inches in length, and since that time has not been ill.

It is supposed that she swallowed the fish while it was very small, say those trying to explain the unusual case.

NEGLECT OF DUTY AND CRUELTY CHARGED

Suit has been filed in the Hamilton county courts, by O. E. Johnson, asking for divorce from Cora Johnson, whom he married in this county December 18, 1891, the marriage ceremony being performed by A. C. Stafford, Justice of the peace.

In his petition Johnson charges the defendant with gross neglect of duty and extreme cruelty, and in addition to asking for a divorce, wants custody of two minor children, Earl and Inez. Plaintiff is represented by Z. G. A. Haworth, of Hamilton county. A copy of the petition was placed in the hands of the defendant in this city.

LOCAL MAN TOUCHED FOR SMALL AMOUNT

Milton Hyer, of this county, has reported to the Columbus police that he was "touched" for his purse and \$10 while on a Main and Neil car in Columbus.

However the local man escaped easily to the misfortune which befell Amaziah Winters, aged 74, who was relieved of \$785 while aboard a street car.

Pickpockets have been unusually active on Columbus cars.

ARM BROKEN WHEN AUTO CRANK SLIPS

While in the act of cranking an automobile Sunday evening, Leo Moore, son of Chief of Police Moore, suffered a fracture of the right arm when the crank slipped, striking that member on its rebound. It was not believed at first that the arm was injured and the fracture was not discovered until Monday, when it became so painful that a physician was consulted.

"My son," he remarked quietly to the young fellow, "there are times, I admit, when our old friend's speech is a little peculiar. At such times you might be of mutual assistance to each other."

"In what way, sir?" asked the son.

"Well," was the severe rejoinder,

"you might give Mr. X. a lesson or two in grammar, in return for which I have no doubt he would assist you to patch up the holes in your manners." —London Times.

150 DEAD

London, March 30.—It is known that more than 150 lives were lost in the sinking by German submarines of the African liner Falaba and the British steamer Aguila, bound from Liverpool for Lisbon. The Falaba, which was torpedoed in St. George's channel, carried a crew of 90 and about 160 passengers, and of this total only 140 were rescued. Of those rescued eight died later from exposure. The Aguila had a crew of 42 and three passengers, and of these 25

of the crew and all the passengers were lost. In both cases, on sighting the submarine, the captain tried to escape by putting on all speed possible, but the underwater craft overtook the steamers, showing that Germany now has some of her most modern submarines engaged in the blockade operations against England.

The captain of the Falaba, who was

one of those lost, was given five minutes to get his passengers and crew into boats, but according to the survivors, before this was possible a torpedo was fired, striking the engine room and causing a terrible explosion.

Many persons were killed and the steamer sank in ten minutes.
